Onions are good buying, 6 pounds 25c

ALL-BRITISH PRODUCTION

The first all-British motion picture production to be received in the province for some time was reviewed by the provincial censor board the past week. The production comes from the Sammon studios in Britain, and marks another effort on the part of British producers to rival their American competitors. In many ways the production is safe to say equals the great American production, "The Birth of a Nation," and indeed, the first of the motion picture period, the film of Queen Victoria from coronation to her funeral, July 1, 1887. The various costumes, etc., display an amazing exactness as to historical detail.

PRIZE WINNERS ENTERTAINED

Alberta prize winners at the International Hay and Grain Show at Chicago in December were entertained recently by the Calgary board of trade. It was shown that Alberta at this exhibition had won more prize money than any State in the Union or any other Province in the Dominion, and that Alberta had placed supreme on the continent in the oats class.

WM. LAURIE, Carseland

HERVEY NEWS

In honor of Mr. Wm. Layzell's birthday on the 15th of February, a great number of the neighbors dropped in during the evening and showed him a good time. After games and refreshments he was presented with a little token of esteem on behalf of those assembled.

Mr. and Mrs. Konda had the misfortune to lose a couple of more or less valuable horses which broke into a wheat bin while they were away to Calgary.

The district assessor represented at the meeting of the Bow Valley M. P. R. C. at Carleton Place, Mr. Frank Skene, of Chadler, for No. 6. On account of bad roads and Chas. being absent to the extreme side of the district it was deemed wise to appoint Mr. J. Shober place, S.W. of 25-26, as a special polling station, that all may have a chance to vote.

Mr. D. McKay had the misfortune to slip over a load of hay on Saturday evening. He was nearly killed, temper nearly broken, and badly bruised elsewhere, but is thought that if nothing complicated sets in that he will recover, at least resting nicely on his toes to press.

INTEREST IN CREAM GRADING

A great deal of interest is being displayed by other provinces and some States in the Union in Alberta's successful operation of a government cream grading system. Enquiries have been received from officials in several States as to the details of operation. A movement is now on foot to have the system put into effect in the two prairie provinces.

CARSELAND

The little daughter of Mr. and Mrs. Bill Hill is in the hospital at Calgary suffering from pneumonia. The baby is being cared for by Mrs. Pakeman during Mr. Hill's absence.

A very successful party was held at the Gardner home on Friday night. It was one of the jolliest parties of the year. On the same evening a party was held at J. M. Christensen's, attended mainly by the younger folk. This too was a huge success.

Mr. Trego gave his "Corn Talk" on Friday afternoon and was listened to with great interest. Some of the farmers plan to take his advice and plant corn and peas this season.

Mr. Robert Harper, who is now living in Calgary, was a visitor here last week.

W. Laurie has been reappointed another year to the position of secretary-treasurer and collector of the Carseland Consolidated Schools.

A Valentine party was held at W. J. McComb's on Wednesday afternoon. A large attendance of children were present, and all had a fine time.

Local Notings

OF LOCAL INTEREST
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 68.

The decision of the Town Council to again resume the grant to the Kings Edward Hotel for restaurant accommodation will be welcomed. There had been considerable annoyance exhibited by visitors from the country when it was found that the facility was no longer extended.

Proposals are being made to the new Strathmore Town Council to charge fairly still licenses to draymen, restaurants, etc., on the ground that it would give the men who are doing the job permanently a chance against the fly-by-night operators.

Dr. A. W. Girvin has been sick for the past few days but is now improving.

Mr. M. M. Downey was in Strathmore on a visit on Monday.

A daughter was born to Mr. and Mrs. Tom Uwin on February 12th. Both mother and child are doing well.

A daughter was born to Mr. and Mrs. J. W. Work on Carlton, on February 13th. Mrs. Work is a daughter of Mrs. Geo. Smith, Strathmore.

The partnership existing between Messrs Smith and Gardner has been dissolved this month, and Mr. Smith will continue the Pioneer Meat Market under his own name. We understand that Mr. and Mrs. Gardner are family are leaving for the coast once they get their local affairs settled up.

Councillor Smith has a scheme for a race track and exhibition grounds on the lands owned by the town in the immediately south-west of town, but for this year the land is being offered for rent. Details appear in our advertisements this column.

Despite the extremely cold weather, there was a good attendance at the Hamar sale by A. Layzell last Wednesday, and good prices were realized. The Peaches sale took place on Friday in this week, commencing at 11 a.m. sharp.

During last week's cold spell the lowest temperature registered was 37.3 below zero. A welcome change set in at the weekend, and since Sunday the weather has been fine and mild.

Mr. P. E. Hall, Salmon Arm, Dominion Police Inspector, paid a visit to the Demonstration Farm last week. Dr. Boyce, Inspector of Schools, is visiting the schools in this district this week.

RETURNED SOLDIERS' COMMISSION IN CALGARY IN MARCH

Returned men of Alberta who have any complaints or grievances with regard to existing regulations on pensions and re-establishment will have an opportunity to get their cases put before a Royal Commission, appointed by the federal government, when that body sits in Calgary during the early part of March. Every veteran who has a complaint should immediately outline his case in a communication to the secretary of the Central Council, 61 WVA, Calgary, so that it can be used as evidence before the commission.

Six witnesses will appear before the commission when it sits here and they will present all the evidence which will include such matters as those affecting amputation and T.B. cases, appeals, the D.S.C.R. attributing injury, pay and allowances, vocational insurance, canteen funds, unemployment, exchange, soldier settlement and general re-establishment. It is essential that the witnesses have all the evidence available so that they can fully present their claims at the return of men of Alberta. In brief the scope of the inquiry is as follows:

To receive suggestions as to improvement in the method of procedure whereby Canadian ex-service men may apply for pension and treatment and also may submit an appeal from the decisions as to pensions and treatment.

To hear evidence as to needs of discharged handicapped men.

To hear evidence as to extent and nature of existing re-establishment needs.

To hear evidence and suggestions as to disposal of canteen funds.

Nightingale News

Owing to sickness and bad weather, Mr. H. W. Woods, President of the U.F.A. was unable to be at Nightingale on Friday last for the U.F.A. banquet, but Mr. H. G. H. E. Scholefield, Vice-President, came in his stead. The flowers in the membership drive put on a fine spread to a fairly large crowd, the event taking place in Nightingale Hall. After supper, Mrs. Thurston, Mr. Lamborn and Mr. Noel, Mrs. Carlson, and Mr. Simpson, gave songs, and Mr. Scholefield delivered an eloquent address on U.F.A. topics. The festivities were carried on till an early hour in the morning to music provided by Mrs. Thurston. As a result of the drive Nightingale Local has now a membership of fifty-one which is over 90 per cent. of the people in the district.

The regular U.F.A. meeting took place on Saturday last, with a large attendance present. The following delegates were elected to the district convention to be held at Redford on Saturday next. Messrs. Stomaker, Simpson, Harriman, Bennett, Lonsdale, Stoddy, Thurston, Eyles, M. H. Benson, and L. Connor. Mr. Benson was appointed lecturer, and it is proposed to put on some debates and papers on farm topics. At the next meeting Mr. John Cameron, Jr., is to give a demonstration on dressing poultry, and Messrs. Benson and Otto will open a discussion on corn raising. A whist drive and dance will be put on by Nightingale U.F.A. on March 16 to pay the delegates expenses to the convention. The program will be very moderate, 25¢ for men for the whist drive and 75¢ for the dance. Ladies are free.

The Nightingale Hockey team journeyed to Calgary on Friday, February 15th and played the return game with Alyth. They were accompanied by a strong bunch of supporters. The boys were welcomed on their arrival at the C.N.R. depot by Mr. Teddy Wilson and Mr. Goodfellow of the Alyth Hockey Club. The game was played on the Arena rink on Friday afternoon. The Nightingale team played real hockey in the first two periods and being very aggressive in the second secured a two goal lead. The Alyth boys came back strong in the third period, showing that they were playing a very pretty three man combination, scoring four goals. One counter not being allowed by the referee, the goal was ruled against them in a scrimmage. The Nightingale boys failed to equalize, Cullen making a brilliant save as the zone sounded. The game was very close, no penalties being allowed. The boys are very pleased with the way Bill Speck, of the Tiger squad, handled the game.

Nightingale Team
R. Campbell, goal; L. Hilton, defence; H. Pool, defence; T. Pool, centre; F. Anstee, forward; W. Morrison, forward; H. Pool, forward; S. Griffiths, forward; P. Hilton, forward.

Alyth Team
Cullen, goal; McGinnis, defence; A. MacIsaac, defence; J. Emerson, centre; C. Sturrah, forward; H. Chalm, forward; G. Richie, forward; S. Hay, forward; T. Grant, forward.

Referee, Bill Speck.
After the game the Nightingale boys were the guests of the Alyth Hockey Club at a banquet served in the Club Cafe.

The Nightingale people present were Mr. and Mrs. A. Pool, Mr. and Mrs. H. Pool, Mr. and Mrs. C. Kinnett, Mr. and Mrs. Don Osmond, Mr. and Mrs. Bob Brown, Miss Clarke, Miss E. Hilton, Miss Bennett, Fred Newall, A. Melan, Jr., Leonard Hilton, Fred Hill, Sid Griffiths, Harry Pool, Fred Anstee, Herbert Smith, Ted Pool, Bill Morrison, Bob Campbell, Jim Hearn, Albert Gillies.

Mr. Teddy Wilson, of the Alyth Hockey Club gave an address of welcome, and was responded to by Ted Pool, who thanked them for their welcome and genuine hospitality. Every one then went to the Alhambra Temple and greatly enjoyed the concert dance held under the auspices of the Alyth Hockey Club. The Alyth boys are coming back to Nightingale, and we are sure looking forward to that day.

ALBERTA'S DRUG TRAFFIC

Alberta has not as much reason to be alarmed about the drug traffic as some other provinces, according to figures produced by the federal department of health at Ottawa, for this province stands far above the list of the provinces so far as the number of registered drug addicts is concerned. Quebec tops the list with 2870 registered addicts, followed by Ontario 2556, Manitoba 509, Alberta only 250. Saskatchewan and New Brunswick each have 250, and Nova Scotia 200. Prince Edward Island has none.

PRICE OF GASOLINE

If there is any profiteering in the price charged for gasoline in Alberta, it is not within the boundaries of the province, according to an interim report on an investigation into this matter, presented last week to the legislature by Hon. Mr. Macleod. The difference between the prices of gasoline in the States and Eastern Canada and the price in Alberta is chiefly due to the freight, 2 1/2 cents a gallon, and 25 cents accounted for by the difference between the American and Canadian gallon. The report also mentions the fact that although the price of gasoline has increased the stocks of gasoline in the States and elsewhere have also been on the increase.

HAIL INSURANCE

According to the published reports of the municipal hail insurance board from Calgary, shows a great decrease in losses in 1922 from those of 1921. The claims for 1922 totalled \$429,000, compared with \$470,000 in 1921. The losses in 1922 were only \$29,679 as compared with \$210,700 in 1921. The premium rate set for 1922 was only five per cent, against ten per cent. in 1921. This is the lowest rate since 1912.

A TAXATION LULLABY

Tax the people, tax with care,
To help the multi-millionaire,
Tax the farmer, tax his fowl,
Tax the dog, and tax his bowl,
Tax his hen, and tax her egg,
And let the bloomin' mudlark beg:
Tax this pig, and tax his squeal,
Tax his boots run down at heel;
Tax his horses, tax his lands,
Tax the blisters on his hands,
Tax his plow, and tax his clothes,
Tax the rag that wipes his nose;
Tax his house, and tax his bed,
Tax the bald spot on his head;
Tax the ox, and tax the ass,
Tax his "Horry," tax the ass;
Tax the roat that he must pass,
And make him travel o'er the grass;
Tax his cow, and tax his calf,
Tax him if he dares to laugh;
He is but a common man,
So tax the ruse just all you can;
Tax the laborer but be discreet,
Tax him for walking on the street;
Tax his bread, and tax his meat,
Tax the shoes clear off his feet;
Tax the payroll, tax the sale,
Tax all his hard-earned paper kale;
Tax his pipe and tax his smoke,
Teach him government is not a joke;
Tax his business, tax the shop,
Tax their incomes, tax their stock;
Tax the living, tax the dead,
Tax the unborn before they're fed;
Tax the water, tax the air,
Tax the sunlight, if you dare;
Tax them all, and tax them well,
Tax them to the ends of hell;
But close your eyes so you can't see,
The coupon clippers go tax free.
— Den Lipton in "The Denver Post"

CALGARY C.P.R. MALE

VOICE CHOIR APPRECIATION

Dr. Givins,
Strathmore, Alta.

Dear Sir:

I have been requested to the Executive of the above choir, to write and convey to you our deepest appreciation of the great kindness which you and your friends showed the choir on their recent visit to Strathmore.

We quite realize the amount of work which was entailed in arranging every thing so admirably towards our comfort and we desire you to convey to the other members of the Board of Trade, our grateful thanks.

Yours truly,
ADAM H. WILSON,
Secretary

MUNICIPAL HOSPITALS

ARE SUCCESSFUL

There are thirteen municipal hospitals operating in the province now with 2,000 beds and the financial condition at all these hospitals is said to be splendid. It is making application to be accepted as a hospital district and the City of Red Deer has under discussion an application to organize the city into a municipal hospital district. There is a rather unique scheme in operation at the (Omniway) hospital where the board engaged the services of a physician as medical superintendent of the hospital and in that hospital all medical, surgical and hospital service is provided at the hospital at the minimum rate and the hospital has been able to operate on that basis to financial satisfaction.

Slats' Diary

Friday—Spent a very dull evening. Went to hear a man speak on some subject. The only thing I can remember that he said that I understood anything about it was that they are a fool in every family, and there was nothing in that to make me feel so very good. Seeing that I am the only child in my little happy family.

Saturday—Pug & Blister and I went out for a walk today and we walked up to the creek this afternoon and they dared me to go and jump in a swimming and I couldn't take a dare so I jumped in. I had my hair was wet when I got home and sat at one what had I been up to and like who Washington I couldn't tell a lie and I couldn't to what I had did for the new it any ways. They say expression is good for the body but it is milder hard on the physical human body.

Sunday—The preacher was a trying to get Billy Hughes to run in church and Sunday School and he said Wood, you like to run and hear all about the devil and evil. He said the angels time Billy leaves about the devil and evil. Is when his pa has a blow out or gets a clinker in the furnace or a splinter in his finger.

Monday—I can't understand Jane some times. Today we was a talking about different people and she told me I had more luck than some I said to her Why I never do have any luck. And she replied back and said Yes I do you don't. I think she is hard to understand.

Tuesday—The high school boys and girls are going to have a big dance next week but Edna McIlwain would not her go to the dance. I ask her if she knew why Edna was wouldn't let her go and she said that it might be, on acct. of her mother and when she was for the 1st time at a dance.

Wednesday—We had Co. tonight. They were a lady from the city in to visit us and we got to talking about Gosses. That is me and her did. Also she talked in once in a while now and then. She said that there was more money in a small town like this than they are in the city. Pa up and said No there ain't and more money in a small town than they are in the big city every it is easier for them to get together.

Thursday—Old man Hix is a very contentious man. He has give a standing order to hold good as long as he lives not to ever be berried on a Friday, on acct. it is so unlucky.

SURVEY NEW IRRIGATION PROJECT

According to published reports, D. W. Hayes, well-known irrigation engineer, has been engaged by the government to make a thorough investigation of possible irrigation projects in the country south-east of Lethbridge.

YOUR JOB PRINTING

It has come to our notice of late that several word sent orders for office stationery has been constructed for to outside parties without our having even been asked for prices. Further investigation reveals that the price, made on quantity, was the means of securing the business, and in justification to ourselves we wish to impress upon our friends and customers that we stand at all times ready and anxious to meet all competition that is submitted by outside parties on printing jobs. We have the equipment and usually the stock to satisfactorily and quickly execute all work that is submitted to us at the best pricing prices, and are anxious to retain such work at home instead of sending it go out of town. We find also that we are usually asked to quote on small quantities, whereas the outside man succeeds in his efforts by quoting on quantity lots, and on which the difference in cost per 1000 is material. The initial cost of set up and composition is the same in lots of 500 or 5000 and in this respect the purchaser is misled by the quotations of the outside salesman who submits the price per thousand in quantities of five thousand or more and thus sets away with the order. His quotations are also subject to the sales tax of 4 1/2 per cent, and the express charges, usually about another 5 per cent, which must be added to the price only paid by the purchaser. On the whole he is not cheaper, nor does his concern contribute to the upkeep of the town in which his sales are made. We are therefore requesting that all such work be submitted to us for our estimate and we assure you that the same will be kept at home and the money derived therefrom will be spent to the benefit of the town, without cost, and perhaps, with a saving to you.

—High River Times

FRED H. HUNTER, Private Coal Dealer

Double screened lump out of shed, while this car lasts price is reduced from \$7.35 to \$7.00, commencing Monday, January 29th.

This reduction comes from the mines. Quality is as good as ever.

Rockyford Locals

The friends of J. Jackson, who has retired for R. C. Brown for the past three years or more, will be sorry to hear that it was necessary for him to go to Calgary to the home of his relatives on account of a cold which in health. We certainly hope that "Jack" soon returns his old self, when he can be back with us again.

The St. Valentine's dance put on by the Alter Society of St. Rita's church, was a fair success in spite of the cold weather. The dance was a little late in getting started, but it is reported that there was a very enjoyable time.

Here and There

St. John, N.B.—J. M. Woodman, general superintendent of the C. P. New Brunswick district, announced that the only large expenditure in his district during the year will be for ballasting and bridges. Mr. Woodman returned from Montreal, where he was on a business trip.

Edmonton.—The northern railway extensions, which under the recently announced agreement with the Union Bank will be proceeded with next spring, are to be built by the Canadian Pacific Railway Construction Department. One of the conditions of the agreement between the provincial government and the bank is that the C. P. R. do the construction work. It is stated by Premier Greenfield, and the conditions are complied with by the government, which had originally intended to build the tracks under its railway department.

Port Arthur.—Additional track accommodation will be constructed by the Canadian Pacific Railway in its Port Arthur yards this coming summer, especially at Current River, to take care of the increasing grain trade to be created by the very best that a grain farmer will also be done locally and at Port Arthur. It is probable that the replacement of the two large freight sheds destroyed recently by fire, with buildings of an improved and fireproof type.

Carlton Place, Ont.—On the occasion of the retirement of roadmaster J. L. Kelly and section foreman J. M. Kelly from the C. P. R. Company's service, the fellow employees and their wives gathered at the town hall Saturday, and a social evening was spent. The tables were laden with the very best that a grain farmer from Ottawa could provide, and about 150 people were present from all classes of the company's service.

St. John, N.B.—C. E. McPherson, Assistant Passenger Traffic Manager of the Canadian Pacific Railway, with headquarters at Winnipeg, was in St. John recently, the guest of his brother-in-law, Dr. W. W. White. Mr. McPherson is always a welcome visitor to St. John where he was for many years as the representative of the C. P. R. up to 1897 when he went to Toronto, and later to Winnipeg, his headquarters. He had watched this Western metropolis grow from a town of 40,000 to a city of 80,000.

Natepayers' meeting

Mr. Joseph McLaughlin, of Rosedale, is very ill and for a time hopes for his recovery were very grave indeed. He was told this morning, however, that Mr. McLaughlin has made a little improvement and we hope he continues to improve.

Mr. Andrew Clark returned last Thursday evening from visiting his brothers in Saskatchewan. Mr. Clark was as far east as Canora, and up on the Canora Precinct branch. He reports spending a very enjoyable time in Saskatchewan. Mr. Clark says that the crops were real good in that part, but general conditions were very quiet. The snow is about three feet deep and there does not seem to be as much life as around here.

The entertainment to be given by the Glee Club, of Layden, has been postponed on account of the extremely cold weather. We understand, however, that it will be held the first of this week, and we wish them every success.

Mr. Hocking, who has been feeding a bunch of hogs on his farm near Rosedale, returned to Rockyford Saturday night, having disposed of the entire herd Saturday morning.

Dr. Tiffin returned to Rockyford on Friday from a trip to the east, visiting principally Toronto and Winnipeg. While the doctor naturally got all the pleasure possible out of his trip a holiday was not his only motive. We understand the doctor made it his business to get in touch with the latest up-to-the-minute ideas and methods of handling certain problems having to do with the practice of a medical practitioner, and we, who know the doctor, do not hesitate to believe that he spent a real pleasant and profitable time, and contrary to the expectations of some, he did come back alone.

Dr. J. L. Jackson, who has been with us relieving Dr. Tiffin, left last Friday evening for Edmonton to resume his practice there. Dr. Jackson made many friends while he was with us and when leaving expressed the wish that anyone from Rockyford visiting Edmonton would call upon him in his home town as he would be glad to hear from Rockyford.

A few improvements are being made as well as fresh decorations in the pool and billiard room, especially in the front part. We congratulate Mr. Edwards in his efforts to keep his place of business cheerful and attractive for, after all, we are influenced more than we realize by the gleam in the cheerful aspect as we enter into any phase. Step in and look out with a smile.

Miss Edith Griffiths returned home Saturday morning from Edmonton where she has been training as a nurse. We are glad to see Edith with us again. We understand, however, that she expects to resume her duties in the near future.

A SMALL THING BUT MUCH TALKED OF

In the centre of this group is the much discussed gun captured by the British at Bunker Hill in 1775. Bunker Hill is just outside Boston, and the engagement in which the gun was captured began the War of Independence. Historians have displayed much interest in the little trophy, so much so that they have proposed that the gun be returned to them as evidence of Canada's friendly feeling for the United States. For many years the gun has stood on the parade ground in the Citadel of Quebec. As the above photo shows it is not very small. Its death-dealing efficiency was probably not high, although it most likely made a fair amount of noise. American visitors to the Citadel are always keenly interested in it. In the above photo is seen a group of British soldiers and their leader from Boston, part of a large party who enjoyed the excellent winter

facilities of Quebec during the latter part of January, just at the time that the proposal was made that the gun be returned to its original owners. Beyond the Citadel is seen the top of the new tower of the Chateau Frontenac which has been added as a new crown to that splendid example of French Chateau architecture, and to provide three hundred rooms to accommodate the growing number of visitors to Canada's most historic city. Every year sees Quebec growing more and more popular for both winter sport lovers and summer sight-seers who find there a vast fund of interest in the city's rich store of historic places and buildings. The other illustration is of the famous Chateau as it now stands, and to provide three hundred
